If it's blue, it's time to renew!

**Time to
update your
MaineCare**

*Stay connected to
stay covered*

During the Covid-19 pandemic, most MaineCare members could keep their coverage. Starting April 1, 2023 members will be receiving notices from the Department of Health and Human Services about updating their household and income information.

How you can update your information today:

- Call 1-855-797-4357
- Log on to your account at www.mymaineconnection.gov
- Visit your local DHHS office www.maine.gov/dhhs/about/contact/offices

Watch your inbox or mailbox.

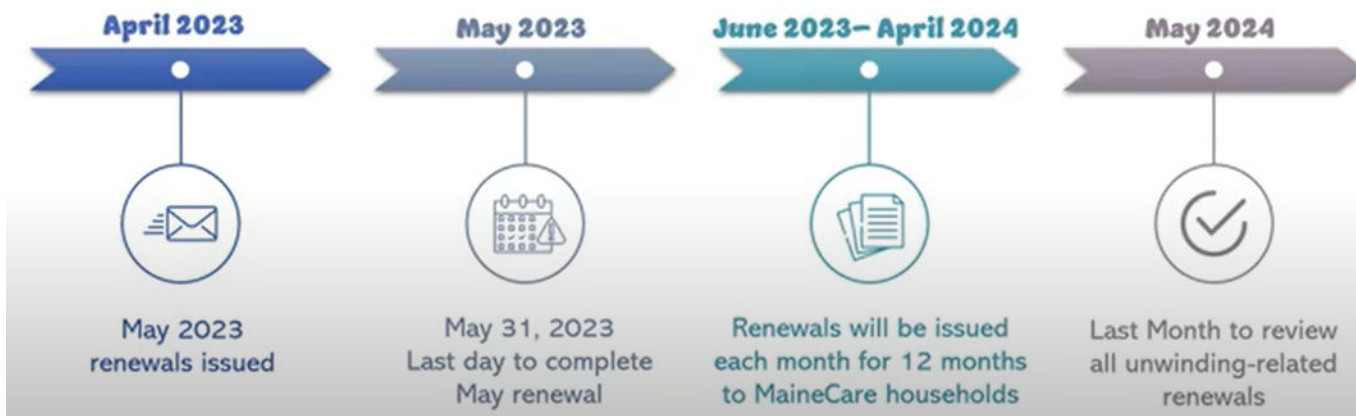

In the upcoming months you will receive an email, text message or envelope with a blue rectangle that will indicate it is time for your annual review and update your MaineCare services.

Be sure to submit all forms as directed and by the date they are due.

Look out for your notice of determination. This will explain any changes made to your MaineCare coverage.

A special enrollment period will be offered to individuals through the CoverME.gov Marketplace who are no longer eligible for MaineCare coverage. This Special Enrollment Period will be called "Recently Lost MaineCare" and will be available for consumers April 15, 2023 through July 31, 2024.

The timeline below is an example of what the renewal process will look like for MaineCare members. It is important to keep your information current and up to date with the Department of Health and Human Services.

If it's blue, it's time to renew!
